Ghost in the Passenger Seat:

A father. A son. A silence that never left the car.

Ghost in the Passenger Seat is a novel about what lingers after loss—the ache of words unsaid, the weight of moments missed, and the fragile beauty of memory. Told from the perspective of a former Formula 1 driver turned pastor, this is not a story about moving on. It's about learning how to stay with what hurts... and what matters.

Each chapter is a stretch of road where memory and grief collide. The narrator isn't trying to fix the past—he's just trying to make sense of it, mile by mile. With poetic depth and emotional honesty, the story unfolds in quiet reflections, imagined conversations, and the kind of vulnerability only found in the aftermath.

For readers who've loved and lost, who've prayed without answers, who've sat in parked cars and whispered names to the empty seat beside them—this is your book.

It's not about theology. It's about being human. And the drive it takes to stay open.

The Need for Speed:

When the Fast Lane Leads You to God

What if the speed of your life wasn't the problem, but the invitation?

The Need for Speed is a powerful spiritual manifesto for those living in the fast lane — not just on the outside, but deep within. With pastoral wisdom and poetic insight, Pstr Matthew Faure explores the tension between hurry and holiness, motion and meaning, ambition and surrender. Each chapter offers a rich blend of biblical reflection and vivid metaphor, drawing from the world of high-performance living to reveal the deeper truths of the gospel.

This is not a call to escape your pace. It's a call to meet God in the midst of it.

With themes of identity, pride, loss, burnout, and calling, this book will speak to anyone who has ever felt overwhelmed by the velocity of life — and yet hungry for more than what speed can offer.

For readers who love:

Spiritually rich writing with poetic depth

Discipleship books that speak to real-world exhaustion

Metaphor-driven theology rooted in Scripture

God is not waiting for you to slow down.

He's inviting you to drive differently — with Him.

Before the Silence:

What if the world's most influential minds stood before Jesus... one final time?

History remembers their words. This book imagines His.

Before the Silence is a powerful and poetic work of literary apologetics, exploring imagined final dialogues between Jesus Christ and some of history's most fascinating, controversial, and wounded figures—from emperors to scientists, poets to politicians, skeptics to self-made gods.

Each chapter is a soul-to-soul conversation, where power is unmasked, intellect is humbled, and regret is confronted by mercy. Figures like Niccolò Machiavelli, Sigmund Freud, Karl Marx, Elizabeth Báthory, Lord Byron, and Stephen Hawking are portrayed not as caricatures, but as complex souls—each given one last chance to meet the Truth they questioned, redefined, or rejected.

This is not historical fiction. It is spiritual reflection.

Not doctrine in debate, but conscience on trial.

And Jesus? He does not argue. He does not flatter. He simply speaks—with grace, with truth, with eternal eyes.

Whether you are a believer, a seeker, or simply a thinker drawn to what lies beyond the final breath, Before the Silence will stir your soul and confront your questions.

Because one day, your dialogue will not be imagined.

The Line in the Sand:

The Line in the Sand: Drawing Boundaries of Biblical Truth in an Era of Moral Confusion

In an age where truth has become increasingly subjective, The Line in the Sand stands as a bold and controversial challenge to the cultural norms of modern society. Author and Pastor Matthew John Faure confronts today's moral confusion head-on, calling readers to reclaim the absolute truth of Scripture in a world that is rapidly embracing relativism.

This book draws a clear line between biblical truth and the moral compromise prevalent in society, offering a compelling case for why God's laws are not subject to personal interpretation or cultural trends. Faure dissects the slow erosion of truth, revealing how Satan's subtle influence has blurred the lines between right and wrong, and how modern society has redefined love, morality, and grace in ways that contradict God's Word.

With thought-provoking insights and unapologetic clarity, Faure delves into controversial topics such as sexuality, gender, marriage, and abortion, showing how believers are called to stand firm on God's standards even in the face of societal opposition. Drawing on deep theological reflection and practical application, The Line in the Sand provides the tools necessary for Christians to navigate today's challenges while upholding the truth of Scripture.

For those seeking to live out their faith with boldness and conviction, this book offers both encouragement and challenge—calling every believer to draw their own line in the sand and stand firm in God's unchanging truth.
